My Dear Dr. Hay,

You and Margaret are the two most tantalizing people I know. Such an attractive programme as you have laid out! - one alas that I fear I shall never be able to carry out for myself. But I thank you sincerely for your kind thoughts and devoutly hope that you and Mrs. Hay may have a most happy and prosperous journey and return in the best of health and spirits.

Your note to the North Carolina "Professor" and Extirpator has been forwarded.

If you think best, send me Frederick's letters and I will make selections to

to go with the auto - and wife take care  
of and return them to you. Perhaps  
Prof Eaton may have some fun which  
something should be called.

Last summer you wished you  
could camp down under a peach tree -  
if reports are true you may have  
a good chance to roost in an orange-  
tree at New Orleans - but I truly wish  
you better luck.

Ever sincerely Yours

Wm. M. Maulsby

If you write again I would be glad  
to hear how Miss Louisa is doing.
